### President's Message

by Lois Krause

Well, the season is over, and we had some really great snow, and some great times. Based on the nominations at the April meeting, this looks like my last message as President. I must say that I have had some fun times and some frustrations, but mostly, I have been proud to be President of such a great organization. I hope I was able to take the club to the

level we needed at the time, and I would like to take a couple of lines here to thank everyone that helped me to keep the Snow Snakes going strong (you all know who you are)! Many of you held offices for longer than I was President, but others just recently stepped up. No matter, I was lucky to have such great, creative people along the way to make suggestions and help carry out the duties involved. As I have said before, "many hands make light work", and I always had a great time working side by side with the rest of the volunteers when we took on a project! I will not name all the names in the interest of saving paper, but THANK YOU to all who helped in any capacity! Without people like you, the Snow Snakes would never have survived.
